Re: Pro-Tec Contracting Corp  
50 Williams Parkway  
East Hanover, New Jersey

To Whom It May Concern:

CBRE Inc. is one of the largest Real Estate services company in the world. We provide Asset Services to a wide array of the top Real Estate owners in New Jersey. Managing properties presents many challenges, and among them is ensuring that the building envelope is maintained and watertight.

Pro-Tec Contracting Corp has been a long time resource of mine for caulking, waterproofing, restoration and power washing. We rely on their expertise and depth of knowledge and have found them to be responsible and reliable. We intend to continue our relationship well into the future.

Yours very truly,

Barbara Cali  
Operations Manager
